

Let's clear the air!

SHOW YOUR ENERGY INDEPENDENCE

We all want to do the right thing. So, change out your old fireplace or wood stove for warmth and efficiency.

Technology has come a long way. Visit us today. There ARE clean burning options for your home certified by the EPA.

After listening to your needs, we'll help you select the right way to burn. We offer expert advice and service.

Want more information on clean burning? Visit hpbapacific.org, or come into our store.
